## ABOUT

Byrd Nash's debut book, a collection of fairytale retellings, was described by a reviewer as "*a literary glass of bourbon after a long day.*"

### The Wicked Wolves of Windsor

A Grimm-dark version of Red Riding Hood set in England, post WWI. Deals with sexual assault, domestic violence, and the role of women at the time. Red's mother died due to the Influenza pandemic of 1918.

### The Queen's Favorite

Queen Elaine and her talking horse must free themselves from a monster. An empowering tale of surviving domestic violence set in a medieval landscape. Inspired by the fairytale: The Dragon and the Enchanted Filly. A Reader's Favorite.

### A Society of Heartless Women

Murder, betrayal, and revenge are in fashion in this Jane Austen satire set in Regency Bath. Described by one reviewer as "a horror story by way of Jane Austen's droll sense of humor."

### Granny Starseed

A witch upsets the lives of her family when she comes to visit. This contemporary tale ties in with the College Fae series.

### Milking Time

A not-so-ordinary farm girl duels a sorcerer. The most traditional fantasy story in this set of short stories.

### The Prince Learns a Lesson

A graduate student must transform a spoiled prince within three days. Inspired by the numerous fairytales where a young person completes the king's impossible task to win a kingdom.
